

# **BLUE GIANT**<sup>®</sup>

AFTERMARKET SOLUTIONS

***Warehouse security  
wherever and whenever  
it's needed***

**Protect your loading bay doors and  
other restricted areas with Blue Giant  
folding security gates.**

## ***Increase Facility Protection***

Protect sensitive areas from theft and trespassing. Available in single and double models, Blue Giant folding security gates expand and lock for instant and effective access restriction.

### **Perfect security and safety solution for:**

- Manufacturing facilities
- Warehouses
- Retail outlets
- Distribution centers

## ***Heavy-Duty Construction***

Each security gate is constructed from 14 gauge steel with gray polyurethane finish. Includes 1½" (38mm) x 1½" (38mm) x 1/8" (3mm) steel uprights with steel casters and drop pins.

## ***Mounting Methods***

All gates can be easily mounted in jamb or on the face of the outside wall. Extension brackets are available for mounting around an existing garage door.

# ***Folding Security Gates***

# Folding Security Gates

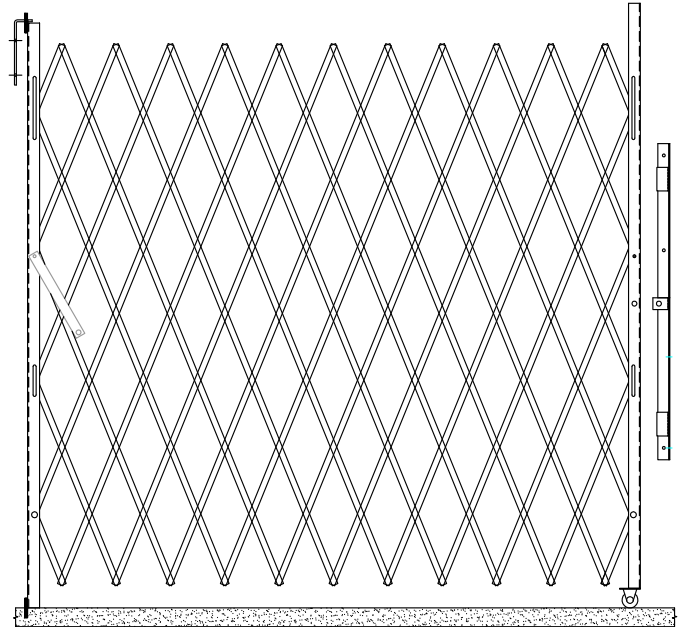

Folding security gates control safe access to warehouse entranceways while allowing light and air to circulate through the building. Easy to fold back when people or trucks need to pass, Blue Giant folding security gates provide a lockable barrier to most doorways.
